

## Better education starts with better wireless.

Sluggish Wi-Fi connections aren't acceptable. Cambium Networks delivers gold-standard connectivity for teachers, students and IT staff.

Deliver high-bandwidth, stable internet at all times, even under heavy load. Power classroom learning and keep the focus on learning—and not on IT infrastructure.

## Meet Learning Targets with Better Learning Experiences

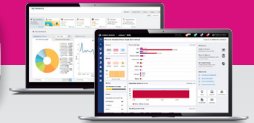

EASY TO USE AND MANAGE WI-FI NETWORKS

**cnMatrix™ switches** enable automatic device segmentation to securely manage access

**Wi-Fi 6 access points** are purposely designed for the connectivity needs of modern schools

**XMS and cnMaestro™** provide end-to-end monitoring and management to ensure maximum network availability
